Mist Netting Demonstration: See a wild bird up close!

Meet: Canyon Inn Front Steps

Mist-nets are soft fine nets used by scientists to safely capture and release songbirds for bird banding. Don't miss this opportunity to observe a wild bird up close!

10:00 a.m.

INshape DNR Official Walk

Option 1: Hike an accessible trail about 1.5 miles in length leading through part of Wolf Cave Nature Preserve and campgrounds. 1 hour.

Option 2: Hike approximately 3 miles on moderate terrain meandering through many different habitats- open field, forested woodland, and riverside. 2 hours.

2:30 p.m.

Welcome Back Migrants!

Meet: Nature Center

There's *another* group we should be welcoming back this time of the year. Learn about the spring migration and play the migration game for yourself!

Sunday, May 3rd

11:30 a.m.

Bluebird 101

Meet: Nature Center

This beautiful creature has long been "harbinger of spring." Learn about the bluebird monitoring project here at the park and peak inside a nesting box for yourself!
